

SERVICES

INCREASE THE PRODUCTIVITY OF YOUR BUSINESS WITH DEDICATED SERVICES

Our team focuses on helping you grow your business with highly skilled resources that can scale as your requirements change.

- Reduce and control operation costs
- Free up internal resources
- Access world-class capabilities
- Increase in-house efficiencies
- Focus on your core activities
- Low-risk partnership

EXPAND YOUR CAPABILITIES

DEDICATED SERVICES

Contract a full-time team member dedicated exclusively to your business.

The construction industry is ever-evolving, and finding and retaining staff to handle designing, estimating, drafting, and other technical services becomes expensive. Our Dedicated Services team brings you a trained team member dedicated to your business at a fixed rate. When you're ready to expand your MiTek Dedicated Services team, we'll handle the recruiting, training, and transition at no charge until the new team members are operating at full capacity.

ONBOARDING PROCESS

From initial enquiry to going live.

The onboarding process facilitates an understanding of working patterns, company culture and essentially helps the allocated resource to become a fully integrated and productive member of your team.
